Google Mars shows alleged Secret Mars Base facility only on internet not on Google Earth itself

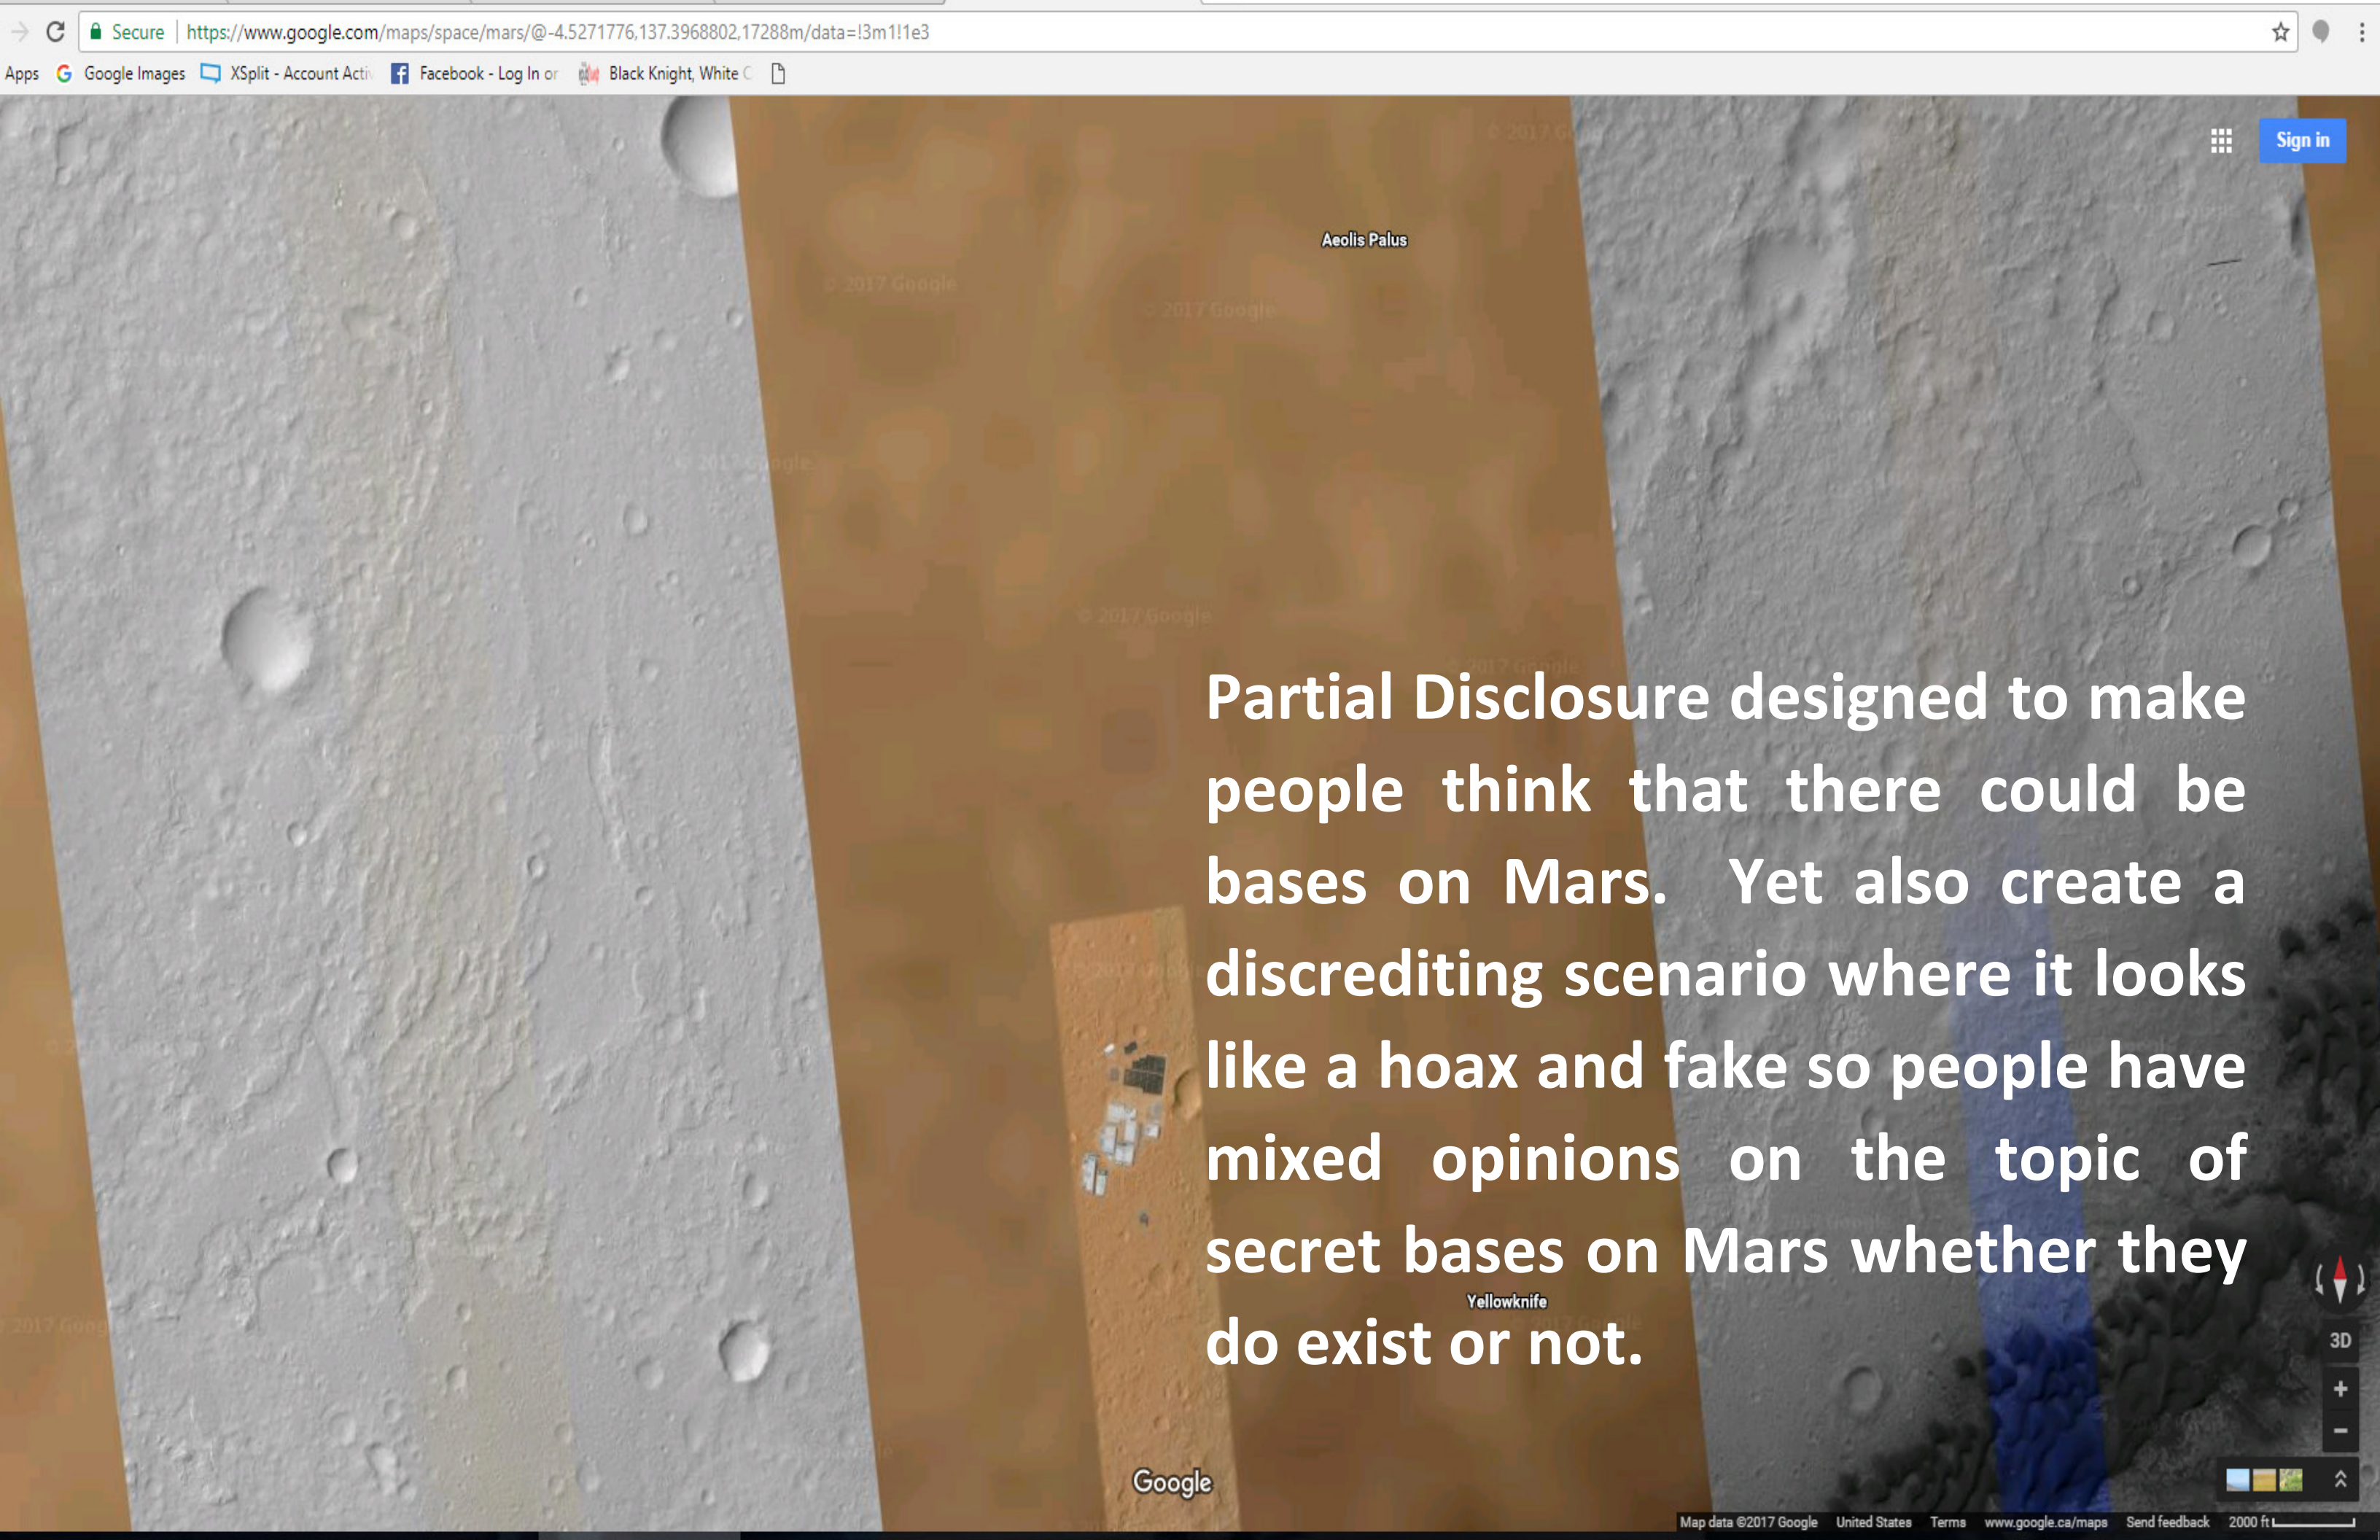

According to the Google Mars internet maps the secret base is located in the Gale crater. No such base exists on Google Earth for Mars maps.

What type of disclosure or disinformation op is going on here, what is its ultimate purpose?

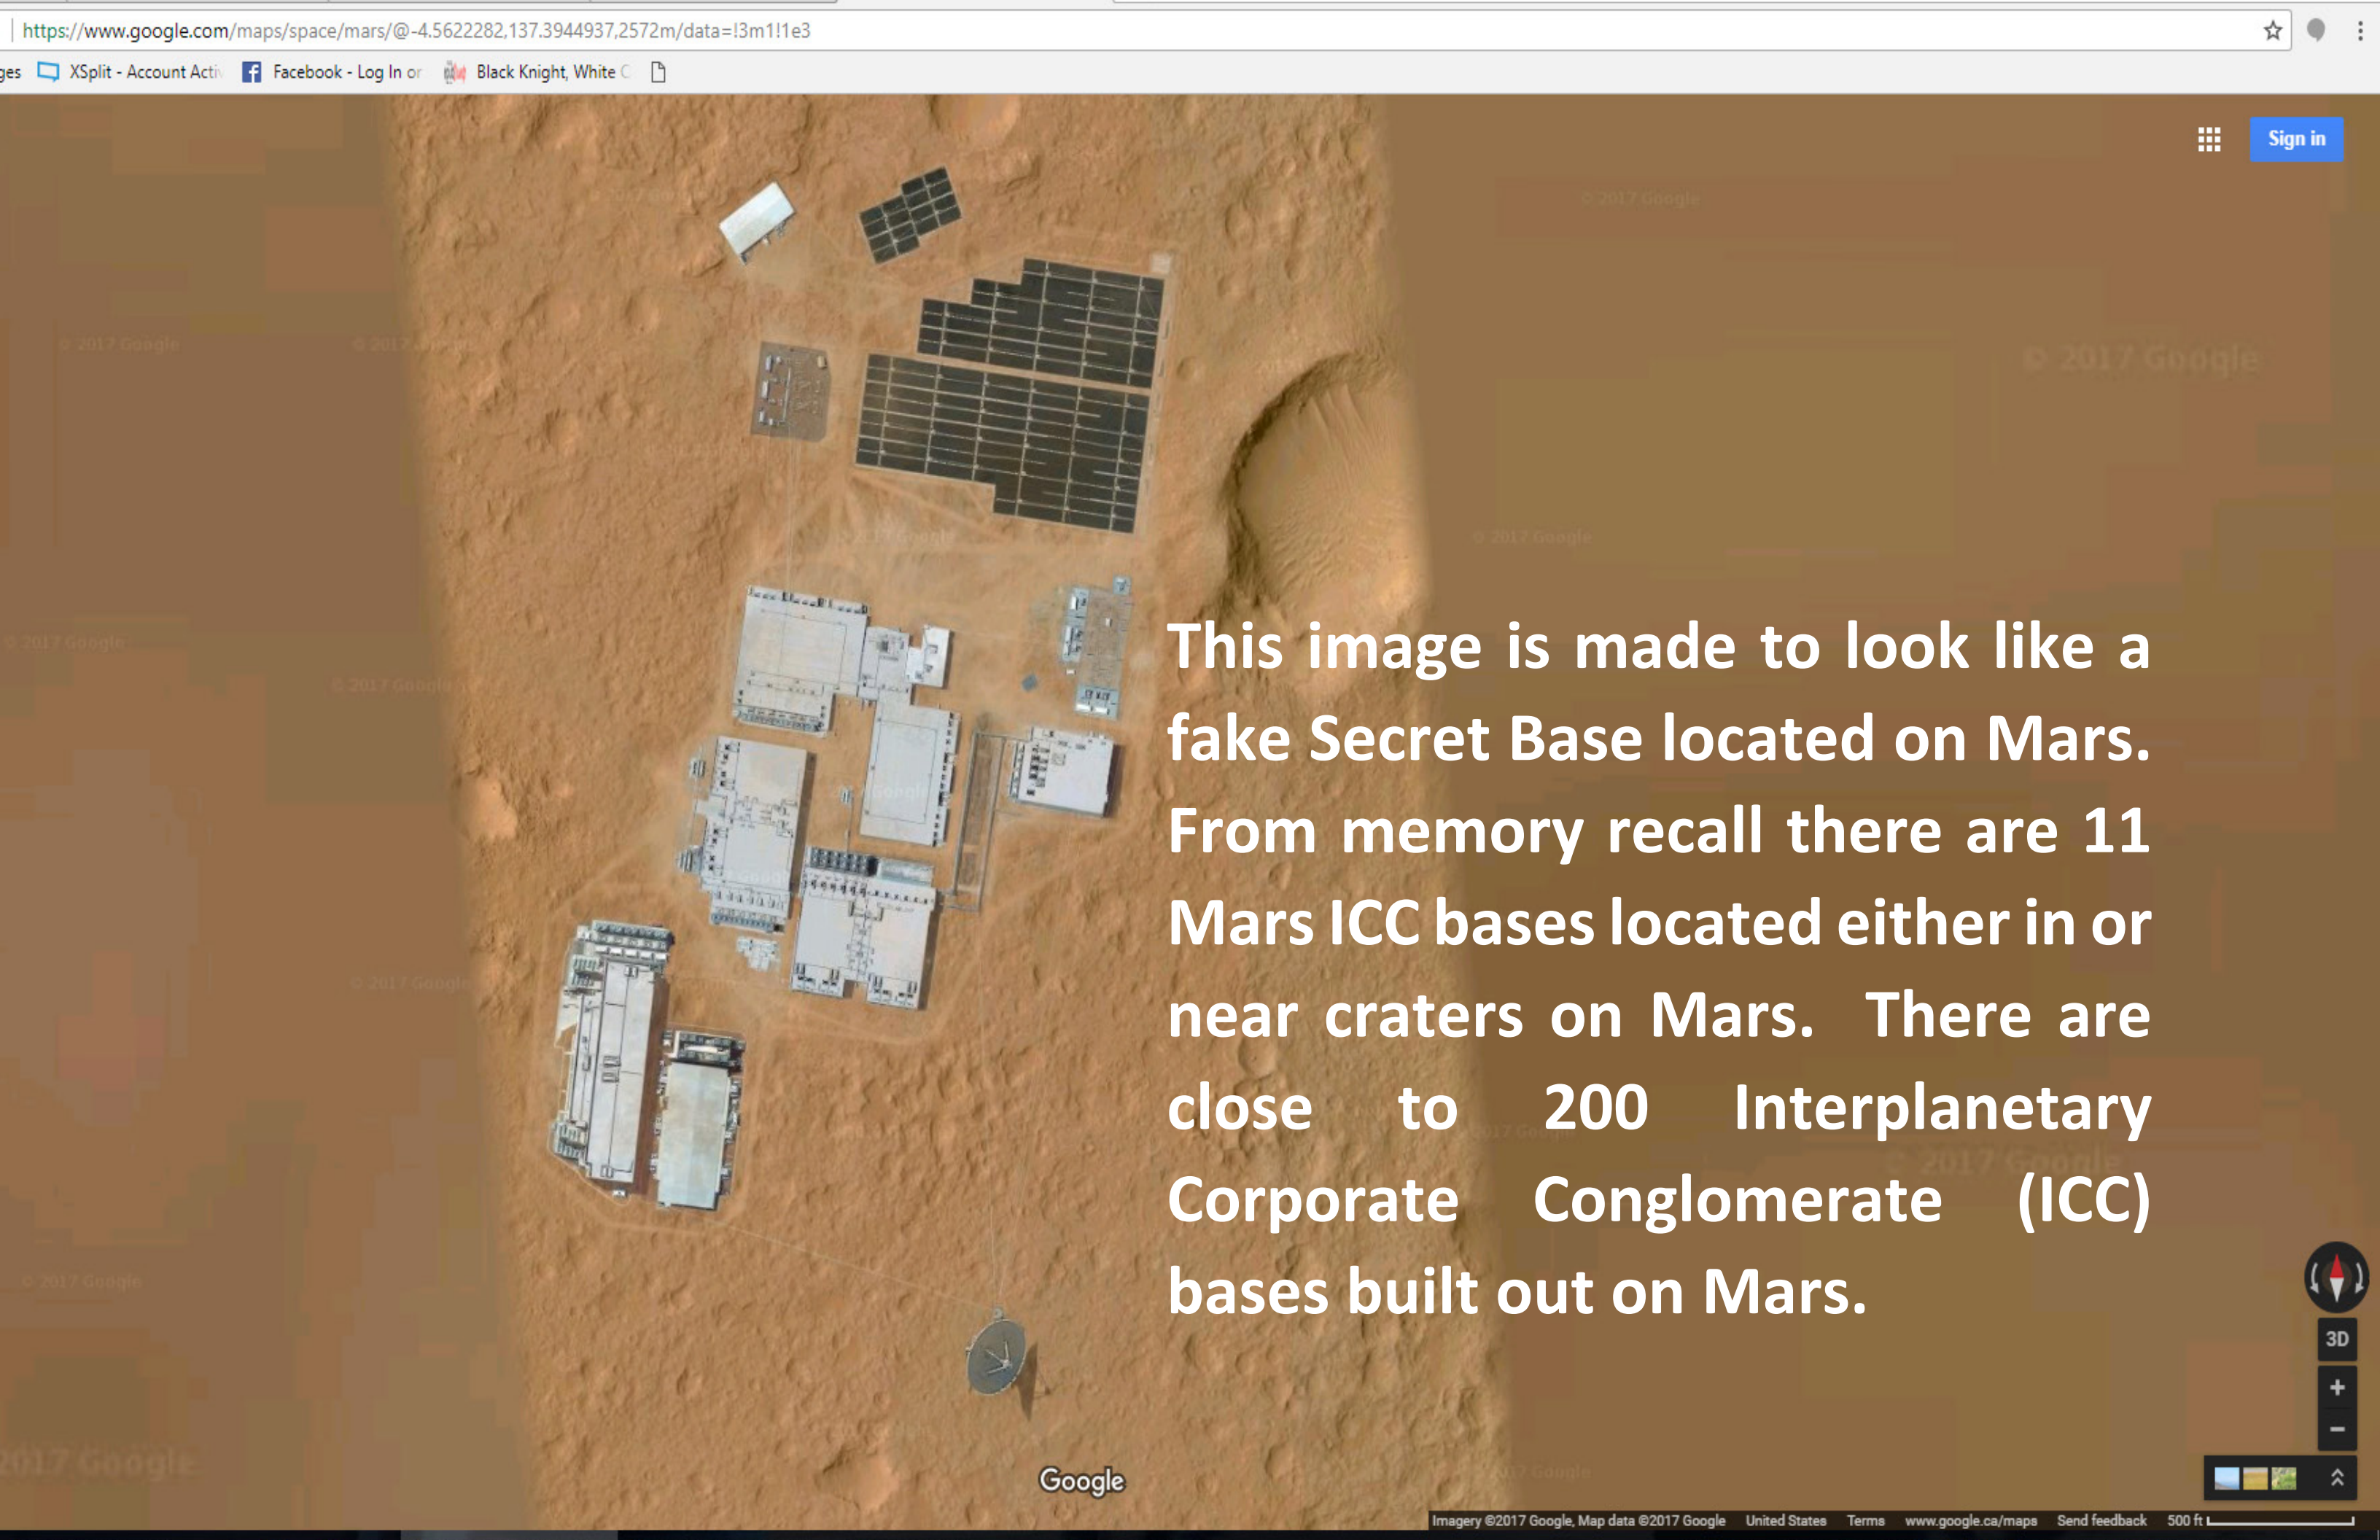

Google

Partial Disclosure designed to make people think that there could be bases on Mars. Yet also create a discrediting scenario where it looks like a hoax and fake so people have mixed opinions on the topic of secret bases on Mars whether they do exist or not.

**This image is made to look like a fake Secret Base located on Mars. From memory recall there are 11 Mars ICC bases located either in or near craters on Mars. There are close to 200 Interplanetary Corporate Conglomerate (ICC) bases built out on Mars.**
